EUREF DOME & ATRIUM

OUR UPCYCLED PRODUCT FROM BERLIN

The **EUREF Dome** was originally designed for the 2006 FIFA World Cup in Berlin, was later housed in the Schöneberg Gasometer, and was finally rebuilt on the EUREF-Campus in Düsseldorf.

The dome-shaped interior, with an impressive height of 21 meters, now offers the perfect venue for flexible and innovative event formats. The light-filled, green atrium is the ideal complement for a wide range of event formats.
